E-WORLD ENERGY & WATER

EUROPE'S LEADING ENERGY TRADE FAIR

From February 11 to 13, 2025, the decision-makers of the energy industry will meet at the E-world energy & water in Essen. Under the motto „Solutions for a Sustainable Future“, national and international exhibitors will present to the trade visitors sustainable technologies, intelligent services, and approaches to achieving climate targets.

In addition, the attractive supporting program and the four open expert forums will provide you with valuable impetus and food for thought on your way to a climate-neutral future. In addition, with the E-world Community, you have the possibility of an all-year-round exchange with the industry.

Meet new and old contacts personally and directly at E-world – we are looking forward to seeing you!

"We are very glad to have returned to E-world in 2024! [...] Together at E-world, we are shaping the future of energy in Europe!"

Laurent Vivier
Senior VP Trading Power
TotalEnergies

THE WHOLE VARIETY OF THE INDUSTRY

For more than 20 years, E-world as Europe's leading trade fair has not only brought together the international energy industry. It also incorporates related sectors such as the manufacturing industry, information technology or the transport and building sector, to jointly create sustainable, integrative and intelligent energy system of the future.

With its various exhibition areas, the trade fair reflects the diversity of the industry and creates a unique platform for interested parties and experts.

INNOVATION

The Innovation area provides young companies with an attractive platform for presentation. With creative, unconventional approaches, they drive forward energy industry transformation processes giving impetus to industry giants at the same time. Thanks to their dynamism, startups also accelerate the transfer of research findings into commercial applications, thus delivering significant new business models.

The Innovation area brings together startups, the joint stand of Young, Innovative Companies, and exhibitors from science and research.

CAREER DAY

TARGETED RECRUITING & PERSONAL EXCHANGE

As part of E-world, the Career Day offers space for an active exchange between applicants and companies in the energy sector - recruiting and networking made easy for both sides!

Present yourself as an attractive employer at E-world and impress qualified applicants. At Career Day, you have various opportunities to show that direct contact is important to you in the application process. Provide insights into

your corporate culture and working methods as part of the stage program, in the form of challenges or in conversations at your booth. This creates targeted and professional communication between you and the participants.

Use the Career Day for your recruiting and meet the industry's up-and-coming talents.

OPEN EXPERT FORUMS

UP-TO-DATE | INFORMATIVE | VARIED

The four expert forums of E-world are located directly in the exhibition halls and are embedded in the surrounding exhibition areas. In exciting lectures, Q&As and panel discussions with top-class international speakers, the forums offer the optimal platform for exchanging experiences directly at E-world energy & water.

FUTURE FORUM

What are the requirements that the energy sector will have to meet in the future? What challenges must be mastered on the way there? Finding answers to these questions is on the agenda of the Future Forum.

NEW ENERGY SYSTEMS FORUM

How can the expansion of renewable energies in Germany and Europe be accelerated? What will the energy market of the future look like? These and other questions will be addressed by experts at the New Energy Systems Forum.

CHANGE FORUM

The energy industry is undergoing change. What impact will the changes have on energy suppliers and end customers? From which energy procurement strategy can you profit the most? Discuss these questions with our speakers at the Change Forum.

HYDROGEN SOLUTIONS FORUM

Hydrogen is regarded as the energy carrier of the future. With the Hydrogen Solutions Forum, embedded in the exhibition area of the same name, we are offering even more space at E-world energy & water to present projects and discuss political and regulatory decisions.
