# BUSINESS SPEED-DATINGS E-WORLD ENERGY & WATER

At E-world, you can organize a Business Speed-Dating. In 1-on-1-meetings, the participants-exhibitors, visitors, companies- meet business representatives to discuss project ideas and to initiate cooperations. We recommend that the speed-dating last between 30 and 60 minutes. The meeting slots take round about 5 Minutes and, if requested, can be organized under a special topic (for example Hydrogen, IT...).

We can offer 2 options for the Speed-Dates. Either the participants meet in person at the Speed-Dating Area in Hall 5, or they meet virtually via the platform E-world Community. In both cases, the participants must sign in via the platform as explained below. Due to possible problems of the internet connection, we do not recommend hybrid Speed-Datings.

Participants must sign up for the speed dating event through E-World Community. For technical reasons, a spontaneous registration is not possible. The participants can choose what kind of partner they would like to meet (Startups, research institutes, investors..). Based on this information, an automatic matchmaking will take place 24 hours before the start of the Speed-Dates.

## REGISTRATION

- 1 Register for the Speed-Datings of your choice via E-world Community at the navigation point [Community Events](#).
- 2 Until 24 h before the start: select via the link in your registration E-mail or via **networking management** which kind of partner you would like to meet.

**Speeddating Session**  
07.02.2023, 11:05 - 11:20

Triff dich mit potentiellen Geschäftspartnern. Während dieser Session wird dich das System mit potentiellen Geschäftspartnern verbinden. Füge Angebote und Gesuche ein, um dem Algorithmus zu helfen, die Qualität des Matchings zu erhöhen. Passende Namen werden 24 Stunden vor dem Start angezeigt.

Füge deine Präferenzen hinzu, um deine ersten Matches zu erhalten
