

E-WORLD COMMUNITY

E-WORLD ENERGY & WATER 2023

Optimal trade fair preparation, sustainable networking and effective communication: the E-world Community provides you with numerous opportunities to connect and interact with your (future) customers and partners making it the ideal add-on to the trade fair. Boost your presence at E-world by staying in touch with your clients before, during and after the fair and reach people all over the world all year round via the digital network.

Every E-world exhibitor, co-exhibitor and program partner receives a company profile in the E-world Community free of charge.

You can choose between our BASIC package, which is available to all exhibitors free of charge, or PREMIUM, the upgrade which offers you exclusive additional options for communication and presentation.
